

## Aries NG Profile

---

**Ms. Aries Ng**, BAsc. (Civil), EMBA(Ivey)

Managing Director, WEW Electricity & Metal Works Co. Ltd.

Managing Director, Happy Energy Co. Ltd.

**Aries** is currently holding a position as Managing Director of both **WEW Electricity & Metal Works Co. Ltd.** and **Happy Energy Co. Ltd.** She is responsible for the overall business operation and general business development for the traditional family Cable Containment business and the newly introduced LED lighting business founded by her with two partners in 2009.

Prior joining the family business, Aries completed the Scheme "A" training under the Structural Discipline by the Hong Kong Institutions of Engineers with Architectural Services Dept. She has also seconded to the ShenZhen government building-related departments for three months during the training period.

Aries was first a site-engineer with **Josef Gartner & Co.(HK) Ltd.** worked on Asia first Podium glass wall supported by Stainless Steel Cable Net System for the project Three Pacific Place on One Queens Road East.

Before returning to Hong Kong, Aries also has internship experience with **Fujitsu FIP Corporation** in Tokyo, Japan. From there, Aries took part in developing geotechnical and structural analysis softwares in both Japanese and English for Japanese experts working overseas.

Aries holds a Bachelor Degree in Civil Engineering from University of British Columbia in Canada and she is now pursuing her executive MBA studies at Ivey School of Business with University of Western Ontario at Hong Kong campus.
